

Dovre 2510CD Double Sided

Cast iron has many advantages – durability, better heat retention and longevity, as well as the ability to be crafted into a huge variety of shapes and textures, giving aesthetic beauty and immediate appeal whether your interior style is traditional or contemporary.

Whatever your choice - wood, multi-fuel, gas or electric – your Dovre stove or fireplace will be beautifully reliable and built to the uncompromising standards you would expect from our Scandinavian heritage.

This superb cassette is a dedicated double sided design that is ideal for new build and major renovation projects. It offers both excellent heating capacity (complete with thermostat and integral fan unit for quicker, warming of the room) and great views of the fire to adjacent rooms using a central flue. The 2510 can burn wood or smokeless fuels and produces up to 9kW of heat.
