

Dovre Astroline 2

Cast iron has many advantages – durability, better heat retention and longevity, as well as the ability to be crafted into a huge variety of shapes and textures, giving aesthetic beauty and immediate appeal whether your interior style is traditional or contemporary.

Whatever your choice - wood, multi-fuel, gas or electric – your Dovre stove or fireplace will be beautifully reliable and built to the uncompromising standards you would expect from our Scandinavian heritage.

Smaller sister to the Astroline 1CB and with similar contemporary styling, the Astroline 2CB features the latest clean burn and air wash technology for impressive heating performance and efficiency.

The large ceramic glass panel also provides the superb views and comforting ambience that only a real log fire can bring.

For draught reduction, there is a model with built in outside air connection which, if required, can be used to draw combustion air directly into the appliance, not from the room, but from outside.

- W x H x D: 520 x 890 x 450
- Nominal Capacity: 7kW (230m³)
- Maximum Capacity: 9kW (300m³)
- Outlet \varnothing : 150mm
- Weight: 130kg
- Fuel: Wood Burning
- All cast iron construction
- Air was system
- High efficiency up to 79.4%
